## **Chairman's Report:-**

Paul reported that teams starting late was becoming an issue and urged teams to start matches on time.

Matched that started later than 9pm were unacceptable and teams should report this to the committee, who would deal with persistent offenders.

He also mentioned an incident of violent behavior at a league match on 30th April 2025. At Radstock Working Men's Club between the hosts '617 Squadron' and visitors 'The Muppets' the captain of the Muppets, Mark Williams, verbally and physically assaulted a member of his own team. This assault then progressed in to the bar and then in to the car park. The Muppets apologized to their hosts and have since banned Mr Williams. The league has done likewise and have banned Mr Williams from the league for violent behavior/gross misconduct.

## **League Managers Report:-**

Keith reported that going forward he would now be the first point of contact regarding all league matters and that he or Neil Cradock should be contacted on any results related issues.

The first round of the Knock Out Cup, Nomination Cup and the Plate would be on the website towards the end of August and that all teams to take note of this.
